In parallel to the Biennial, it will be carried out the III^o Congress of Research and Technological Transfer in Electric Power (III^o CITTIE 2019) and the VIII^o National Seminar of Energy and its Efficient Use (VIII^o SeNE 2019).

Organized by Universidad Tecnológica Nacional (UTN) Facultad Regional La Plata, both meetings will be carried out on September 11-13 within the framework of BIEL Light + Building Buenos Aires, the 16th Biennial International Trade Fair of the Electric, Electronic and Lighting Industry.

During them, research works will be shown with the aim of discussing and exchanging experiences on electric power, its regulation, control and development.

The **III^o CITTIE 2019** will cover the following: technologies on generation, transmission and distribution; energies based on renewable systems; planning, operation and maintenance of electric systems; energy efficiency; control and protection in systems; regulatory and environmental aspects and electric engineering teaching.

On its part, the central themes of the **VIII^o SeNE 2019** will cover the following: energy planning; generation, transmission and distribution; exploitation, transmission and distribution of thermal power; rational and efficient use of energy; renewable energies; storage; distributed generation and activities related to new energy sources or conventional energies.

To register and get more information, the ones interested should contact the Science and Technology Secretariat of UTN Facultad Regional La Plata: sene2019@frlp.utn.edu.ar or electronica@frlp.utn.edu.ar.

BIEL Light + Building Buenos Aires gathers, on September 11-14 in La Rural Trade Center, the avant-garde technologies in terms of lighting, electronics and electric services.
